

Additions and Corrections

Self-organization and Microstructures of Sodium 11-Acrylamidoundecanoate in Water

Sumita Roy and Joykrishna Dey* *Langmuir* 2003, 19, 9625–9629.

Figure 3 was incorrectly arranged in the published version of this paper. The correct form of the figure is given below.

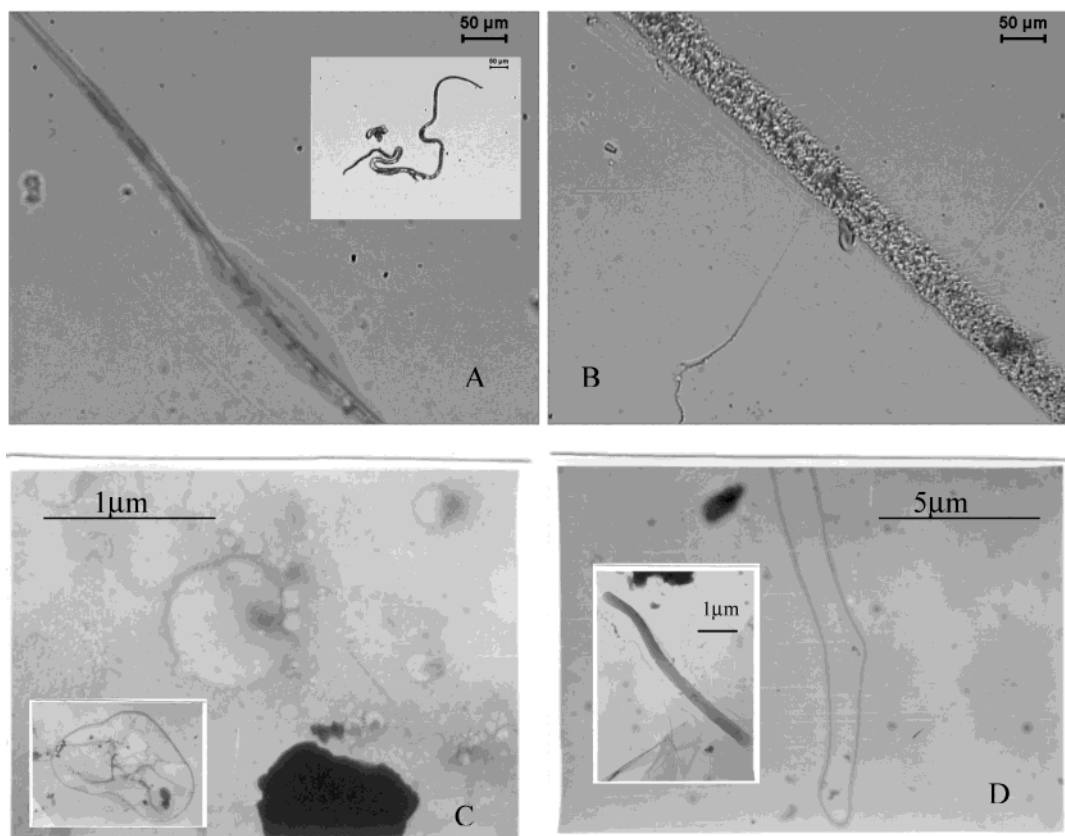

Figure 3. Optical (upper panel) and electron micrographs (lower panel) of a 2.5 mM solution of SAAU: (A) long tubules (inset, wormlike tubules); (B) long rod; (C) spherical vesicle; (D) tubules and rods (inset).
