

Correction for Facile Syntheses of Dioxythiophene-Based Conjugated Polymers by Direct C–H Arylation

Haichao Zhao, Ching-Yuan Liu, Shyh-Chyang Luo, Bo Zhu, Tsai-Hui Wang, Hsiu-Fu Hsu, and Hsiao-hua Yu*

Macromolecules **2012**, 45 (19), 7783–7790. DOI 10.102/ma300719n

We discovered that we had inadvertently failed to include an important and earlier reference: Kumar, A.; Kumar, A. Single Step Reductive Polymerization of Functional 3,4-Propylene-dioxythiophenes via Direct C–H Arylation Catalyzed by Palladium Acetate. *Polym. Chem.* **2010**, 1, 286–288.
