In the published Letter, technical errors were found in Figure 7 on page 2932.

The legends of 440 nm (filled green triangle) and 130 nm (filled black rectangle) in Figure 7a in the original paper should be changed to 130 nm (filled green triangle) and 440 nm (filled black rectangle). The legends of 220 nm mp- $\text{TiO}_2$  (empty green triangle) and w/o mp- $\text{TiO}_2$  (empty black rectangle) in Figure 7b in the original paper should be changed to w/o mp- $\text{TiO}_2$  (empty green triangle) and 220 nm mp- $\text{TiO}_2$  (empty black rectangle). The corrected Figure 7 is shown below.
