

Correction to A Bottom-Up Approach toward Fabrication of Ultrathin PbS Sheets

Somobrata Acharya,* Bidisa Das, Umamahesh Thupakula, Katsuhiko Ariga, D. D. Sarma, Jacob Israelachvili, and Yuval Golan

Nano Lett. **2013**, *13* (2), 409–415. DOI: 10.1021/nl303568d

Acknowledgments have been changed to the following: Financial support under Grant No. SR/SS/NM-47/2005, Grant No. SR/NM/NS-49/2009, and INT/EC/MONAMI (25/233513)/2008 from DST, India is gratefully acknowledged. S.A. dedicates the manuscript to the late Professor Shlomo Efrima. Y.G. thanks the Israel Science Foundation for financial support under Grant #340/2010. This work was supported by the U.S.-Israel Binational Science Foundation, Grant 2006032 (J.I. and Y.G.). This research was supported by the National Science Foundation under award number CHE-1059108. We thank Dr. Richard Charvett and the MANA foundry, NIMS for the support with the lithography and transport measurements, and Dr. V. Ezersky (BGU) for useful discussions.
