

Additions and Corrections

Molecular Dynamics Investigation of Bent-Core Molecules on a Water Surface

Nathan Duff, Ji Wang, Elizabeth K. Mann, and Daniel J. Lacks* *Langmuir* **2006**, 22, 9082–9085.

Several references were incorrectly numbered in the Letter. The correct references are given below.

Page 9084:

...as also found in previous investigations,^{18,20}

...opposite sides of the plane of the central phenyl ring.^{18,20}

Page 9085:

...opposite sides of the plane of the central phenyl ring.^{18,20}

...carbonyl oxygen near the chlorine atom.²⁰

...can be formed for Bc-2Cl on water⁹ but not for Bc-2H.⁸
