Page 1980: The grant number for David Waldeck was inadvertently omitted. The acknowledgment should read “The authors acknowledge support from the U.S. National Science Foundation NSF DMR0906922 to R.S., NSF CHE 0628169 and CHE 1059037 to C.A., and NSF CHE 1057981 to D.H.W.”

Page S1: The mass spectrometry data reported in the Supporting Information for the Cys-CATCCAGTGA PNA oligomer, specifically MALDI calc./ measured $m/z = 2829.8/2828.6$, was incorrect. The correct values should have been 2814.81/2816.08.
