

Copper-Catalyzed Bimolecular Coupling of α,ω -Dibromide-Functionalized Poly(ϵ -caprolactone) [*Macromolecules* **2010**, *43*, 3228–3232]. Xiaoze Jiang, Maria Vamvakaki, and Ravin Narain*

The poly(caprolactone) used in this work is poly(ϵ -caprolactone) and not poly(γ -caprolactone).
