

Additions and Corrections

Spectroscopic Characterization of ω -Substituted Biphenylthiolates on Gold and Their Use as Substrates for “On-Top” Siloxane SAM Formation

S. Stoycheva, M. Himmelhaus,* J. Fick, A. Kornviakov, M. Grunze, and A. Ulman *Langmuir* **2006**, 22, 4170–4178.

The fourth author’s last name is spelled incorrectly in the article. The correct spelling is Korniakov.

Confinement Free Energy of Surfaces Bearing End-Grafted Polymers in the Mushroom Regime and Local Measurement of the Polymer Density

Feng Li and Frédéric Pincet* *Langmuir* **2007**, 23, 12541–12548.

.

The correct form of the equation in the caption of Figure 6 and in the first paragraph of page 12548 should be

$$\sqrt{3} d_e/R_g = 1 + \exp((1 - A/(6R_g^2))/1.77)$$
