Capillary Absorption of Metal Nanodroplets by Single-Wall Carbon Nanotubes.

Page 2253. We correct typographical errors in coefficients C_{31} and C_{21} in the expressions for δ_{31} (eq 2) and δ_{21} (eq 3), respectively. The prefactor in both coefficients should be $-(1/4)$ instead of $-(1/6)$:

$$C_{31} = C_{21} = -\frac{1}{4}(2 + \cos \varphi_c)(1 - \cos \varphi_c)^2$$

Note that the correct expressions were used in the construction of Figures 2 and 3, so these typographical errors do not affect the results or conclusions in any way. We would like to thank S. Smirnov from the Department of Chemistry and Biochemistry at New Mexico State University for drawing these errors to our attention.
