Correction to Viscoelastic and Glass Transition Properties of Ultrathin Polystyrene Films by Dewetting from Liquid Glycerol

Jinhua Wang and Gregory B. McKenna*

Equation 14 should be

$$\log(a_T(h)) = \frac{-C_1(T_{exp} - T_g(h))}{C_2 + (T_{exp} - T_g(h))} - \frac{-C_1(T_{exp} - T_g(h_0))}{C_2 + (T_{exp} - T_g(h_0))} \quad (14)$$

The error in the original paper is a pure typo error by the author, and no quantitative results or conclusions are affected.
